

Speakers Request Support For Air Port District Here

Election Next Tuesday To Decide If Area Shall Have District

If this area is to continue to develop and maintain its place in the ever-increasing and foster transportation scheme, then an airport is essential.

This, in effect, was the conclusion of the speakers at Friday's meeting of the Truckee Chamber of Commerce to discuss and answer questions relative to the proposed formation of the Truckee-North Tahoe Airport District to be decided at an election April 8.

Chamber President N. F. Dolley introduced Program Chairman Cecil Edmunds, chairman of the airport planning committee, who gave a brief resume of the history of the local efforts to obtain a port, and introduced Carl Hand, engineer of the Civil Aeronautics Administration.

Hand emphasized the fact that matching federal funds will expire this year but that there is a good chance the appropriation will be extended. He suggested that if local interests desired to participate in the federal funds, immediate action should be taken.

Field Approved

He said his organization had made surveys and tests of the proposed Martis Valley site and that it was good and that they are convinced the field could be accepted by the CAA. Two years ago, the CAA indicated that matching funds for the local project would be available when needed.

Another speaker was Arthur Kendall, of the California Aeronautics Commission, who urged that the district be formed to pave the way for development of an adequate field. He pointed out the growing use of airplanes as transportation and declared that 10 per cent of all private planes being built in the United States are sold to Californians.

The potential of a field here is limitless, he declared, and urged support for the election.

Edmunds emphasized the point

Capt. J. H. Sanders Rites Conducted

Masonic funeral services were held at the Andrews and Greilich Funeral Chapel at Sacramento Tuesday at 1 p.m. for Joseph H. Sanders, 72, one of this community's most widely known former residents. Sanders expired at his home in Sacramento Sunday.

The deceased was a native of Truckee and became game warden here in 1914. Later he was advanced to captain with the fish and game commission, a post he held for 28 years with headquarters in Truckee.

Sanders retired from the service several years ago and the family moved to Sacramento. He was an annual visitor here, however, and only last fall expressed a desire to return.

Sanders is survived by his widow, Verna May Sanders; two sons, Orlan of Sparks and Mervin Sanders of Sacramento, and two daughters, Lorraine Saunders of Sacramento and Mrs. Ellen Jones of San Mateo, Calif.

Remembrance may be made to the Heart Fund.

TAHOE-TRUCKEE IN LOSS TO QUINCY 9

QUINCY — The Quincy High School baseball team opened the season with a 5 to 2 win over Tahoe-Truckee High School. Both teams played a tight game for their first appearance of the year on Friday.

Quincy's Blum and Turner on the mound allowed Truckee two hits by Robinson and Knotley. The Trojans hit Robinson for five, with Hanley getting a triple and Thomas and Hampton getting doubles.

Each team made one error.

WORK TO START ON FLORISTON CHANNEL

The Isbell Construction Company of Reno this week expected to start rechanneling 1500 feet of the Truckee River near Floriston to make way for the new U. S. Highway 40 freeway. The project will take about 30 or 40 days to complete. The channel will be moved from the west to the east side of the meadow.

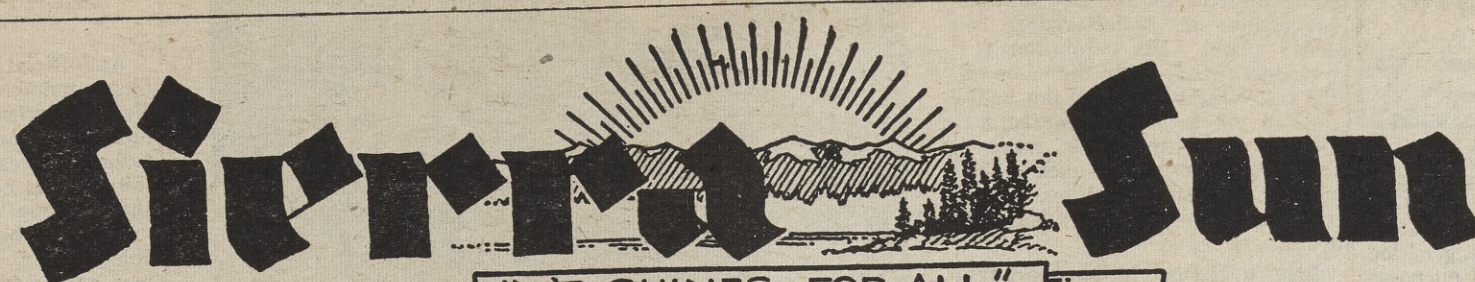

FINISHES THIRD

Shirley Tschopp of Soda Springs and Sacramento finished third in the combined event at the American Legion Western States Junior Ski championships at Sun Valley, Idaho, Sunday.

From Chico—

Miss Marie Osburn, student at Chico State College, is spending the Easter vacation with her parents, Mr. and Mrs. Charles Osburn.

Study Made Here To Reduce Rates In Utility District

The result of a study of the possibility of lower electric rates which has been under consideration by the Truckee Public Utility District for the past year was presented to the board of directors at Thursday's meeting by Manager Cecil Edmunds.

Following a brief discussion, the matter was laid over until the full board can be present to decide the question.

The rates under study are lighting, both domestic and commercial, the special rate affecting motels, trailer courts and wholesale power. An adjustment in the heating and cooking rates to raise the required installed capacity, is also under consideration.

A comparison is now being made between the gross income under the proposed and present rates for the past three months to determine what effect it may have on the district's gross income.

When placed in effect, this will be the seventh reduction mark by the district in the past 30 years and while it has not yet been determined what the exact percentage of the reduction will be, it is expected to be substantially in line with the several reductions previously made. The last lowering of rates was in May, 1955.

"It has never been the policy of the district to make radical reductions," Edmunds explained, "but rather to reduce as conditions warranted, keeping in mind the desire to make what other improvements or additions may be necessary out of current revenue rather than to go to a bond issue for this type of work."

An ordinance covering the new rates, rules and regulations is being prepared for submission to the district's attorney for review after approval by the board.

Federal Aid For Olympics Assured

Assurance that the 1960 Winter Olympic Games can now be conducted on a scale that will command the respect of every International Olympic nation was given last week when Congress by a vote of 218 to 102, passed and sent to the White House a bill authorizing \$4,000,000 in federal funds to assist California in preparing for the games at Squaw Valley.

The money still must be provided in a separate legislation. The house twice before had turned down the bill, once in a case requiring unanimous consent and later on a procedure which required a two-thirds majority for passage.

Several members objected to

DRUNK DRIVER GETS LONG JAIL SENTENCE

William Lewis of Mountain View was given one year in the Nevada County jail when he appeared Monday before Judge Posten Wilson, following his arrest March 29 on a drunk driving charge.

Highway Patrolman Martin Sturke, arresting officer, had a difficult time catching up with the Lewis car as he raced toward Reno and an accident was narrowly averted when a truck pulled off the highway to avoid the defendant's vehicle.

Lewis revealed that he has not had a license to drive since 1952 but has piled up eight prior convictions for drunk driving.

HOUSEGUEST FROM CITY

Mrs. Regnor Jensen of San Francisco has been the house guest of her son-in-law and daughter, Mr. and Mrs. Jack Bergman of Gateway Park.

Reedys Return—

Mr. and Mrs. John Reedy, who have been traveling in southern California, returned here last week.

Student Home—

Miss Linda Loynd, Stanford student, visited her parents, Mr. and Mrs. Walter Loynd, last week.

To Utah—

Mrs. Dave Rose and daughters recently journeyed to Salt Lake City, Utah.

Few Contests For Primary Election As Filing Is Closed

Few Incumbents To Have Opposition At June Primary Election

Only five of the 11 county officers will have opposition in the primary election June 3, County Clerk John T. Trauner announced, following the final date for filing last Friday.

Unopposed will be Clerk Trauner, Treasurer and Tax Collector Elma Hecker, County Recorder Theodore A. Kohler, Sheriff Wayne Brown, District Attorney Harold A. Berliner, Coroner Alvah Hooper, Surveyor Joseph O'Connor.

Judge Vernon Stoll also runs unopposed for the office of judge of the superior court and Victor L. Montre, judge of the Grass Valley judicial district court is unopposed.

OPPOSITION

In the Truckee judicial court election F. W. Wilson is opposed by Roy F. Waters, while at Nevada City Verle R. Gray, Carl C. Kitts, Taber H. Whittlesey and Walter W. Woods are seeking the judgeship.

Charles R. Kitts, Leslie J. Cicogni and Elva Jean Cox are running for the county assessor post.

There are seven seeking the office of public administrator: Gail Gordon, Albert Ahearn, Charles Gordon, Mitchell V. Pock, Elton Williams, Wilburn W. Wells and Marie Willford.

Both Jerome C. Coughlin and Guy N. Robinson, county supervisors, will have opposition, the former from E. T. Minahan and Robinson from John A. Walker.

LOCAL OPPOSITION

It is interesting to note that there are four candidates for the two positions on the democratic central committee from the fifth supervisory district, which embraces the east end of the county. Charles R. Heller, Charles V. Osburn, Thomas Kirby and I. O. Gifford are all seeking the post, while no one filed for the Republican committee from this area.

ROAD BLOCK FAILS TO DELAY STORK

A snow slide blocked State Route 89 at Deer Park Lodge Wednesday afternoon at 2 p.m. but that little obstruction didn't slow up Mr. Stork and Christopher Jude Crow of Tahoe was born at Deer Park Lodge as Dr. Walton Prescott, who had accompanied Mrs. David Crow on the trip to Truckee attended.

Dr. Kenneth Turner, a specialist in this field, accompanied by Mrs. Vanni of the Tahoe Forest Hospital staff, sped to the scene in time to lend valuable aid. The mother and her little 6-pound, 6½-ounce son, finally arrived via Truckee ambulance, at the hospital and both were in excellent health.

ROBERT TRASK HIGH AS MARKSMAN IN FORD ORD TRAINING

FORD ORD—Private Robert G. Trask of Truckee was awarded a trophy by Col. Lewis E. Maness, commanding officer, 1st Brigade (RFA Training) as the 3rd top firer in his basic training company. He scored 225 of a possible 250 points firing at ranges of 100 to 500 yards with the M-1 rifle.

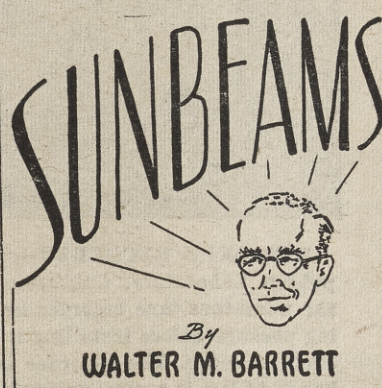

The presentation was made at an open house held Saturday, March 15, by the trainees of Company C, 3rd Battle Group (RFA Training).

The son of Mr. and Mrs. Edward P. Trask of Truckee, he is a 1957 graduate of Tahoe-Truckee High School, where he was a member of the football, basketball and wrestling teams.

A member of the 365th Engineers U. S. Army Reserve, Reno, he volunteered for six months active duty in January, 1958, and is now in the sixth week of basic combat training.

Better Now—

Mrs. Frank Fox, who slipped and fell on the icy pavement, breaking her shoulder and knee, has had the cast removed and is on the way to recovery of health.

Those who are inclined to oppose the formation of an airport district in this area should probably accept the proposition to be balloted upon next Tuesday as "the lesser of two evils." There is a very definite possibility that both Nevada and Placer county will eventually form county-wide airport districts. As a matter of fact, Nevada County has already accepted as a county facility the Loma Linda field at Nevada City. A similar program is, we are advised, being contemplated for the western section of Placer County. It can readily be seen that installations in places so far removed from this eastern Sierra community would be of very little benefit to this area, but that both counties could impose a county-wide tax for their construction and maintenance. We have seen this in the recent formation of the Sierra College, and we believe that even though the local airport district does not have appeal for everyone, the formation of a district would provide protection against such a move. Creation of a local district would, we are informed, eliminate any taxation for a county-wide airport district. The election will not be for bonds, but we do know that the directors will have taxing powers to a limit of 20 cents. This may never be imposed, but even if it is, the cost may, in the long run, be a wise investment. The proposition is for the voters to decide and for or against, it is hoped a representative number of voters will turn out Tuesday to express themselves.

Bay Firm Bids Low For Contract To Widen Route 89

Fredrickson & Watson and Ransome Have Low Prospect Bid

A low bid of \$1,374,930.65 was opened in Sacramento yesterday to improve State Sign Route 89 from 0.2 mile south of the Squaw Valley road to the Donner Creek underpass near Truckee. The bid, one of the 10 received, was offered by Fredrickson & Watson and the Ransome Company of Oakland.

This section of State Sign Route 89 will be the access route from Highway U. S. 40 to the site of the 1960 Winter Olympic Games to be held in Squaw Valley. The existing roadway will not be adequate for the anticipated crowds for this international sporting event.

The contract on which bids were opened Wednesday calls for widening the existing traveled way to 44 feet through this 8.3 mile section. The entire distance is to be graded and plant-mixed surfacing will then be placed on the untreated base. The present 26-foot wide bridge over Squaw Creek will be widened to 44 feet to accommodate the widened highway.

The District II office of the division of highways stated that no detours will be available during the construction period and public traffic will be permitted to pass through the construction zone with a minimum of inconvenience and delay.

Work on the widening must start within 15 days of approval of the contract by all parties concerned. The contract provides for completion of the work in 200 working days.

Commission Asks Aid for Hospital

The California Olympic Commission is strongly urging the bureau of hospitals of the state department of public health to approve the application of the Tahoe Forest Hospital for funds to aid in the expansion of the local institution.

In a letter to Gordon R. Cummings, chief of the bureau, H. D. Thoreau, executive secretary of the commission said in part:

"It is anticipated that, during the period of the games, approximately 35,000 spectators will be present in the valley each day. This situation presents a very real need for adequate hospitalization facilities near at hand. After the games, the \$8,000,000 physical development in Squaw Valley will be operated as a part of the state park system and will include a 3,000-seat arena, a 300-room hotel, additional restaurant facilities for 1,700 persons per hour, and extensive skiing and summer recreational facilities."

"While it is impossible at this time to estimate the number of spectators who will visit the state park at Squaw Valley each day, I feel that it is clear that the need for adequate hospitalization to service this area will continue after 1960. For this reason the commission has adopted the above resolution and requests that you give every consideration to the Tahoe Forest District Hospital's request for funds to expand existing facilities."

BOYS EARN PRAISE FOR FINDING RIFLES

Deputy Sheriff Emery Lander said he was appreciative of the action of three local boys who last Friday turned over to him three guns which they found near the highway near the Truckee Public Utility District warehouse a mile west of here.

The boys, Kenneth Lloyd, Ronnie Borden and Kenneth Stark, discovered the weapons, a 12-gauge shotgun and two .22 calibre rifles, half buried in the mud and snow.

Lander expressed the opinion that the guns were stolen and that rather risk having them found in the vehicle, motorists tossed them out before reaching the state quarantine station nearby.

EASTER BREAKFAST FOR MASONIC GROUP

More than 150 members of the Masonic bodies, Order of Eastern Star, DeMolay chapters, Rainbow assemblies and their families are expected to attend Easter morning breakfast to be held in the banquet room of the Masonic Temple here Sunday.

Serving will begin at 8 o'clock and continue to 10:30, according to the chairman for the spring event, Mrs. Wayne Philippi.

Railway, Highway Blocked By Snow As Record Broken

Seven Feet Of Snow Over Truckee As Easter Two Days Off

A series of a dozen storms, each gaining in intensity over the last, and following closely one another, made the record storm of January 1952, bluish.

With Easter only two days away, the Truckee area today is buried under 88 inches of snow, while on Donner Summit where all railroad, and highway traffic is at a standstill and winter sports activities are only a fond memory for the time being, there were 270 inches of snow, with greater depths in some regions of the area.

The storm was described as the worst on record for this time of the year and one of the worst in the past 90 years for any time of the year.

Southern Pacific's mail train, east-bound No. 22, was stuck in a slide near Crystal Lake within a mile or so of where the City of San Francisco was snowbound for four days in 1952. The 30 or so passengers and crewmen were returned to Colfax while maintenance crews worked frantically to clear the rails.

At the same time, the streamliner, City of San Francisco was being held in a snow shed at Norden and the Overland, also west bound, was held at Sparks. Passengers on both were being cared for and were in no danger.

Power lines, which held up well during the storm, had trouble this morning and power was off and on alternately.

Superintendent Frank Fox of the division of highways said that although it was proposed to lay off the winter crews April 1, the storm struck an dvery available man was on the job. Both state and county crews worked around the clock to keep abreast of the steadily mounting snow. Equipment was taking a terrific beating.

Henry Toccalini of the U. S. Forest Service, said that 87 inches of snow fell during March, with another four feet for April.

Precipitation for the season has mounted to nearly 40 inches compared to a normal for the entire year of 27.38 inches.

Although snow was continuing today, Sacramento and Reno forecasters reported a high pressure building up on the Pacific and all looked for a gradual tapering off of the storms which have resulted in Governor Knight declaring the whole state a disaster area.

Floods, heavy rains and high winds were battering the entire state during the past week.

Winter sports equipment at all major resorts in the area was out of sight under the snow and considerable damage was done by slides.

Both U. S. Highways 40 and 50 were closed over the Sierra.

EASTER EGG HUNT IS PLANNED ON SUNDAY

The annual Easter egg hunt for children up to and including those of 10 years of age is being sponsored by members of the Twenty Third Club.

Those eligible to take part will meet at one o'clock Sunday at the Truckee elementary school and will be directed to the egg hunting ground.

A good time for the youngsters has been promised and prizes will be awarded at the end of the happy occasion.

MARY ANN TONINI IS HIGH IN SKI MEET

Miss Mary Ann Tonini, University of Nevada student, with time of 57 seconds, was fourth in the university's 13th annual Silver Dollar Ski Derby held during the weekend.

Top honors were shared by three nationally ranked competitors from California's Mammoth Mountain Ski Club.

RED CROSS DRIVE IS DELAYED ONCE MORE

Because of current, inclement weather, the Red Cross fund drive has been postponed until May 12, according to Chairman George Kaspien. This was determined at a meeting of the directors on March 28 when Mrs. William Fordham was appointed as service officer in this area, to replace Mrs. Don Schuler who designed because of illness.

Ed Trask, secretary, will send out letters to the local service clubs concerning the delayed fund drive and an appeal from the Red Cross group for all to work together to provide funds for the summer swim program.

The Pulgas Water Temple, located on the east shore of Crystal Springs Lake in San Mateo County, is the terminal of San Francisco's 155-mile Hetch Hetchy Aqueduct.

AFFAIRS OF STATE

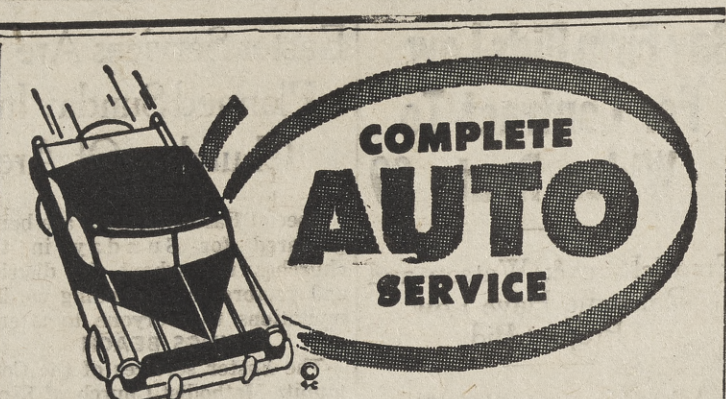

Henry C. MacArthur

SACRAMENTO (CNS)—The desire of some legislators in a so-called recession year to spend the public money is sometimes amazing, and the recent killing of legislation, for all practical purposes, relating to the reflectorizing license plates proposed by Assemblyman Frank P. Belotti is no exception.

Assemblyman Belotti, whose proposals originally resulted in the

authorization of some five million dollars for small boat harbors, came up with another five million suggestion on reflectorizing license plates. His resolution requesting a study as to the value of the reflecting plates, and the holding up of a plate manufacture until the study was made, was referred by the assembly back to the ways and means committee, where it undoubtedly will die a natural death.

Prior to the resolution, the ways and means committee refused to put money in the budget for reflectorizing the plates, but Belotti, where public money is concerned, is not one to give up easily, so he

EXPLORER RECORDER—George Ludwig of the Jet Propulsion Laboratory, California Institute of Technology, slips the miniature tape recorder he helped develop into the carrying package before installing it in the Army's second successful earth satellite. The recorder is small enough to hold in the hand. At left is a mockup model of complete Explorer payload.

tried the resolution.
Reflectorizing license plates for all automobiles in California has been a bone of contention at the state legislature for some time.

The move started sometime after Rodley Richardson, former deputy state director of public works, left state service to become a vice-president of the Minnesota Mining and Manufacturing Company, an organization which manufactures reflecting materials, and also sticking material.

Red stickers were furnished for all of the automobiles in California in 1957, and green stickers were provided purchasers of license plates this year.

A check at the state department of motor vehicles revealed the fact that the last estimate the department had on the cost of reflectorized plates, versus the ordinary plates furnished at the present time, was a 66 cent per pair difference.

It costs 23 cents a pair to manufacture the current plates, the department said, and the estimated cost of the reflectorized plates was 90 cents per pair.

Thus, 66 cents per pair difference would cost the state department of motor vehicles \$5,280,000 over and above what it is spending now for the plates it furnishes purchasers every five years. The next plates are due in 1960, but manufacturers must start within a short time to meet the eight million pair demand. This is the total the department of motor vehicles must have on hand to meet the total registration of automobiles in California.

While reflectorized plates may be desirable for the motorist, and have some effect in decreasing the number of rear end accidents, many legislators felt that this was not the time for the state to start increasing costs to the department of motor vehicles, which eventually would be reflected in the fees paid by the motorist.

The reflectorized plates were

DEFENSIVE DRIVING STRESSED BY CHP

SACRAMENTO—Defensive driving is necessary to avoid traffic accident trouble in today's traffic says the California Highway Patrol.

The term "defensive" driving is applied to a recognized method of avoiding traffic accidents through certain developed abilities, stated Patrol Commissioner B. R. Caldwell. These abilities include habitual recognition of potential accident situations and the know-how to avoid becoming involved in an accident is such situations.

"An example of defensive driving can be drawn from an actual situation happening frequently on our rural highways," Caldwell said. "A driver traveling at a normal speed on a through highway is approaching an intersecting side-road and notices another vehicle approaching on the side-road."

"Although the intersection is protected by a stop sign requiring the driver on the side road to stop before entering the through highway, the defensive driving maneuver by the driver on the through highway is to slow down and be prepared to take appropriate action if the other driver does not stop," he explained. "There are many other situations calling for preparedness and ability to avoid trouble."

"Defensive driving prevents accidents and is a quality every driver should develop," he concluded. "Remember, too, a defensive driver naturally obeys traffic regulations as a primary element in his defense against accidents."

dubbed a luxury which California can ill afford in the light of decreasing tax revenues, and the threat of a deficit during the next fiscal year.

SIERRA SUN ADS PAYI

PROTEST WILL NOT DELAY DAM PROJECT

An official protest by the California members of the California-Nevada Interstate Compact Commission to construction of the Washoe reservoir on the Carson river is not expected to delay the Washoe project.

This is the opinion of James Johnson, Jr., of Reno, an attorney and member of the Nevada commission.

He pointed out the protest was intended to insure terms and con-

ditions of water storage in the reservoir would be worked out by a committee of commission members before any work is done.

At a Sacramento meeting of the joint commission last week, members also ordered an inventory of water uses in the two states.

The inventory will be taken this summer and will provide a basis for allocating water between Nevada and California. Area included will be the Lake Tahoe Basin and the Carson, Truckee and Walker River basins.

NOTICE TO CONTRACTORS

Notice is hereby given that the Tahoe-Truckee Unified School District, Counties of Placer and Nevada, State of California, hereinafter referred to as the Owner, will receive up to but not later than 8:00 P. M. on the 14th Day of April, 1958, sealed bids for the award of a Contract or Contracts for the following items of construction:

"Unit H": Additions to Truckee High School, located on Highway near Truckee, California, consisting of a nine classroom wing, a Graphic Arts Classroom, a Multi-Purpose Room and Student Lounge, a Band Room and Instrument Storage Rooms, a Shop Building and Miscellaneous Rooms.
"Unit T": A new elementary school located on Highway 40 on property adjacent to the Truckee High School, consisting of thirteen classrooms, a Kindergarten, Multi-Purpose Room and Kitchen, Administration Area, Locker and Shower Rooms, Toilet Rooms, and Miscellaneous Rooms.
"Unit L": Additions to Tahoe Lake School located at Tahoe City, California, consisting of eight classrooms, a Multi-Purpose Room and Kitchen, Locker and Shower Rooms, Toilet Rooms and Miscellaneous Rooms.

Such bids shall be received at the office of the Superintendent, Tahoe Truckee High School, U. S. Highway No. 40 near Truckee, Nevada County, California, and shall be opened and publicly read aloud at the above stated time and place.

In accordance with the provisions of Articles 1 and 2 of Chapter 1, Part 7, Division II of the Labor Code, and local Laws thereto applicable, the Owner has ascertained the general prevailing rate of wages in the locality in which this work is to be performed, copy of which rates are as follows:

Craft	Hourly Wage Rate	Per Diem Rate & Overtime	Holidays
Boilermakers	\$3.45	\$27.60	\$6.00
Bricklayers	3.80	30.40	7.60
Carpenters	3.225	25.80	6.56
Electricians	3.67	29.36	7.34
Glaziers	2.905	23.24	5.81
Iron Workers—Reinforcing	3.375	27.00	6.75
Iron Workers—Structural	3.625	29.00	7.25
Laborers—General	2.505	20.04	5.01
Painters & Decorators—Brush	3.00	24.00	6.00
Plasterers	3.40	27.20	6.80
Plumbers	3.70	29.60	7.40
Roofers	3.00	24.00	6.00
Sheet Metal Workers	3.45	27.60	6.90
Tile Setters	3.28	26.24	6.56

OVERTIME: Any additional time worked after the regular work day, Saturdays, Sundays and Holidays shall be considered overtime and paid for at double the straight time rate unless otherwise specified herein.

** For the first four hours after the regular work day, overtime shall be time and one-half. All additional time worked up to 8:00 A. M. and on Saturday, Sunday and Holidays shall be double time.

*** For the first four hours after the regular work day and Saturday morning, overtime shall be paid for at the rate of time and one-half. All other time worked shall be at double time.

**** Any additional time worked after the first eight hours of regular work day and Saturday shall be paid for at the rate of time and one-half. Sundays and holidays shall be double time.

Each bid must conform to the requirements of the Drawings and Specifications and all other Documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the office of the Architect, GORDON STAFFORD, 1024 1/2 J Street, Sacramento, California, upon the deposit of \$20.00 per unit set, which deposit will be refunded on return of such copies within 10 days after the bids are opened. Bidding may be on individual units and/or combined; therefore, the deposit on a set, comprising the three units, will be \$60.00.

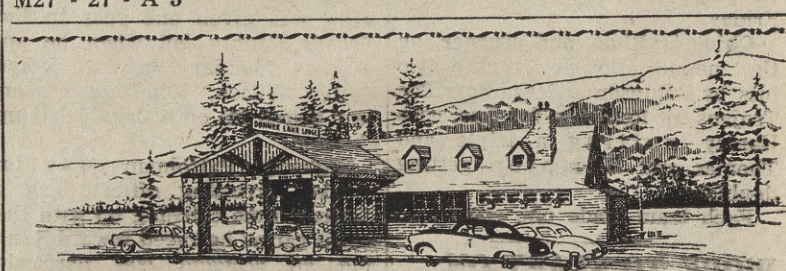

No bid will be considered unless it is made up on a form provided by the Architect and accompanied by certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above mentioned checks or bid bond shall be given as a guarantee that the bidder shall execute the Contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds required within 5 days after notification of the award of the Contract to the Bidders.

The successful bidder will be required to furnish a Labor and Material Bond in the amount equal to fifty percent (50%) of the Contract price, and a Faithful Performance Bond in an amount equal to one hundred percent (100%) of the Contract price. Said bonds shall be secured from a Surety Company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids and/or waive any irregularities or informalities in the bidding.

Dated this 17th day of March, 1958.

STRICTLY STRICKLAND

By Bill Strickland

By Golly, you miss sending your articles in on time, too many times, and you find you've been replaced. At any rate that's what I thought last Friday when Perc Samme says to me, "Hey, Bill, you've been usurped!"

Perc, being in Truckee, had received his copy of the Sierra Sun on Thursday. We get ours in the mail on Friday. He goes on to ask, "Who is this guy named Fran, who thinks a stem is part of a posy, and who says Christiana reminds him of a Scandinavian Gal? Doesn't that guy know anything about skiing?" When I got home Friday my curiosity was really aroused. So, I grabbed the paper to see who this guy was! What a pleasant surprise to find out the guy was Frances Couillard, wife of our postmaster, and, as she stated, the gal who had written

"Summit Scene" for quite a number of years. Fran may not know too much about skiing from the participating standpoint, because to my knowledge, she has never participated. But, she has certainly been up to her ears in skiing from a promotional standpoint for quite a few years. Just as an example, she was the co-founder of the Donner Trail Memorial Marathon, results of which will be found a little further on in this column. Yep, I've been usurped. And, you know something? I don't mind it at all.

The main reason we didn't have a column last week was because we were trying to get all of the results of the Junior Nationals, especially the placements of the youngsters from the Far West Ski Association. I dogged the boys in the wire services, as well as anyone else I could think of, without any luck. My only solution was to wait until son Bob returned from competing. But, by the time he got here, we were too late for Thursday's issue. How does it happen the major newspaper ski writers follow our local and Far West competitors so closely all winter, and then when the big pay-off meets are held, have practically no coverage at all? The same thing happens on a national and international scope. Skiing is a sport that is enjoyed by several millions of our citizens, but, from the publicity and news releases, you'd never know it. Especially away from the local level.

Starr Walton made all of the news releases though, as a result of her very decisive downhill victory, fourth place in slalom and first place as combined champion. This little gal is the equal, if not better, than anyone in this country today. When you stop to realize she has earned her top spot at the age of 16, you can readily see that she will be a champion for a long time. We are delighted to tip our Ski Tips to Starr Walton.

Placements of Junior National Competitors: Winter Park, Colorado, March 20-23.

GIRLS' DOWNHILL
1, Starr Walton; 10, Linda Smith; 13, Mary Helen Reich; 18, Pat Nast; 26, Smiley Tschopp.

BOYS' DOWNHILL
11, Kit Schull; 19, Gary McCoy; 27, Bruce Batchelder; 35, Mike Foley; 45, Dennis Hogan; 55, John

Madsen; 59, Jon Reveal; 60, Larry Williams; 61, Dave Wakeman.

BOYS' SLALOM

5, Gary McCoy; 12, Kit Schull; 14, Dave Wakeman; 26, Mike Foley; 31, Bruce Batchelder; 48, John Madsen; 49, Dennis Hogan; 51, Jon Reveal.

BOYS' ALPINE COMBINED

8, Kit Schull; 9, Gary McCoy; 25, Bruce Batchelder; 29, Mike Foley; 44, Dennis Hogan; 50, John Madsen; 52, Dave Wakeman; 54, Jon Reveal.

BOYS' CROSS COUNTRY

16, Dan Hedlund; 22, David Barclay; 24, John Madsen; 31, Charles Lawson; 34, Bob Strickland; 35, Wayne McGhee; 37, Doug Salter.

These were the only results Bob brought home, so quite a bit is still missing. We compared this year's racers with their performances of last year—some of the results were very interesting.

We might also add here that we've just received word that Kit Schull placed fourth in the combined championships of the American Legion Meet in Sun Valley—that meet is a team meet of the four outstanding skiers of each of the eleven Western States. California's representatives are: Kit Schull, Gary McCoy, Mike Foley, Dave Wakeman. Girls: Pat Nast, Sherry Thatcher and Smiley Tschopp.

This past weekend saw the eighth running of the Donner Trail Marathon. This competitive event starts at Donner Summit and ends at Emigrant Gap—26 miles in length and, let me tell you, they are 26 long, long, lone miles. It follows the route of the Old Emigrant Trail in many places—because of the elements that prevailed Saturday, you could well imagine the hardships of the pioneers over 100 years ago. A lu-lu of a storm was raging—obliterating the tracks of the fore-runners and drifting snow along the trail that really made it tough on the front runners.

Sheldon Varney, California's champion, posted the fastest elapsed time—4:36:33; followed by Roland Stain, 4:39:09; Rolf Goden, 4:40:06; Harry Ericson, 4:41:20; Einar Kitgaard, 4:42:44; W. E. Allin, 4:47:01 (Allin, incidentally, is 59 years old).

Wynn William of Soda Springs placed 10th; Tor Arild of Donner

WOMEN VISIT CLUB TO BOAST OF WIN

TAHOE CITY—The attendance of members of the Woman's Club of Tahoe at the March 25 dinner meeting of the Tahoe City Rotary Club to celebrate their victory over Rotary members in the snowshoe race the previous Sunday and the 15-round championship fight that night taxed the ability of President Warren Porter to conduct an orderly meeting.

As soon as the meeting was called to order, the women began

Ski Ranch was 16th. Jerry Gray, Soda Springs snow lab, was 19th and John Bishop, Soda Springs, 20th.

In the Junior Division—Class I (15-17 years of age) 4 miles:

1, Bob Strickland, Soda Springs; 2, Carl Allin, Sacramento; 3, Walter Schopfer, Oakland; 4, Larry Adams, Oakland.

years of age) 4 miles:

Junior Division—Class III (8-10

1, Billy Strickland, Soda Springs, 63.47.

Only five juniors entered.

The race committee is certainly very grateful to those who devoted their entire day to officiating and manning the check points, and stations along the way. I don't think the average skier realizes the amount of work involved in the conduct of any race. A lot of behind-the-scenes action is performed though, that goes by without any notice at all.

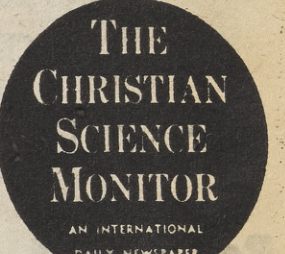

For example, your starters and timers who are outside and standing or waiting for the entire field to get going and then waiting their arrival at the finish. Last Saturday, standing out in that weather was no cinch but Edvi Aro, Dick Winn, Jim Clark, Bob Mason and Paul Madden were out there at 2:53 p.m. when Harry Ericson crossed the finish line until 4:31 p.m. when the last runner came in. That was two hours of waiting—and they were cold, wet hours, believe me.

Maggie Avilla computed the times, and the afore mentioned Fran Couillard, as race chairman, announced the winners and made the presentations.

Jake Overstreet and Ardale Kelly were the welcoming committee, and did the boys get a kick out of their reception.

hurling banter charges of unfairness during the snowshoe race by the men stepping on the back of snowshoes and holding the women racers. The men brought counter charges of the same until it developed into a free-for-all battle of charges, with the women finally winning the battle of words, as they did the race.

President Porter had no sooner brought the meeting to order when a radio blared at the far end of the dining room. A small group of Rotarians, intent on hearing the championship fight had set up a portable radio. Again the president pounded his gavel until the radio was turned off. Not to be denied, the fight fans retired to the hotel lobby to hear the light. Everybody agreed they had fun. The 48 in attendance included 27 members, three visiting Rotarians and 18 Women Club members and their husbands.

STATE OF CALIFORNIA DEPARTMENT OF PUBLIC WORKS DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 510, Public Works Building, Sacramento, California, until 2 o'clock p. m. on April 16, 1958, at which time they will be publicly opened and read in the Assembly Room of said building for construction at Maintenance Station in accordance with the specifications therefor, to which special reference is made, as follows:

Nevada County, in Truckee, at Truckee Maintenance Station (III-Nev-Truckee Maintenance Station), portion of yard area to be graded, new 72-inch chain link fence to be constructed and portion of existing 72-inch chain link fence to be salvaged and reconstructed.

Bids are required for the entire work described herein. In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

RATE PER HOUR	CLASSIFICATION
2.75	Apprentice (oilier, fireman, heavy duty repairman helper)
2.98	Blaster - Powderman
3.22	Cement finisher (journeyman)
2.89	Compressor Operator
2.89	Concrete mixer operator (up to one yard)
2.98	Driller (diamond, core, wagon and track driller)
2.605	Driller's helper, chuck tender, outside nipper
3.48	Euclid operator, T pulls, DW-10, 20 or 21
3.425	Fence erector
2.505	Flagman
3.33	Heavy duty repairman
2.755	Jackhammer operator
2.505	Laborer
2.605	Operator of vibrators and all pneumatic, gas and electric tools
3.55	Operator of power shovel, dragline, crane, clamshell, backhoe (up to and including one yard)
3.62	Operator of power shovel, dragline, crane, clamshell, backhoe (over one yard)
2.755	Pipe layer, caulker, bander
3.55	Power blade operator
3.33	Scoopmobile operator (when used as loader)
3.30	Small rubber tired tractor operator
2.605	Sloper
3.33	Tractor operator (dozer, scraper, compacting equipment and pus heat)
3.62	Tractor operator, compressor drill combination
3.48	Tractor loader operator (up to 2 yards)
3.33	Trenching machine operator
2.55	Truck driver (less than 4 cubic yards water level)
2.69	Truck driver (4 cubic yards and less than 6 cubic yards water level)
2.90	Truck driver (6 cubic yards and less than 8 cubic yards water level)
3.10	Truck driver (8 cubic yards or more water level)

Any classification omitted herein not less than \$2.505 per hour. Overtime—not less than one and one-half (1½) times the above rates. Sundays and holidays—not less than one and one-half (1½) times the above rates. The holidays upon which such rates shall be paid shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

Plans, specifications, and standard proposal form to be used for bidding on this project can only be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California. Plans and specifications may be seen at the office of the State Highway Engineer at Sacramento, at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco.

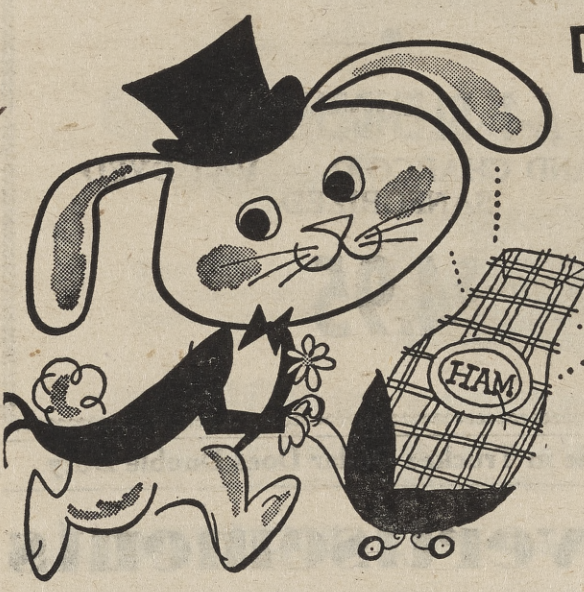

No bid will be considered unless it is made on a blank form furnished by the State Highway Engineer and is made in accordance with the provisions of the Proposal Requirements and Conditions set forth under Section 2 of the Standard Specifications. Each bidder must be licensed and also prequalified as required by law. (See said Proposal Requirements and Conditions.)

The Department of Public Works reserves the right to reject any or all bids.

LIVE BETTER... Electrically

CLIMBING POLES and
DIGGING HOLES for
Better ELECTRIC Service

Keeping electricity on the lines, in all kind of weather is a big part of our job.

But - another part of it is to plan ahead - and build ahead - so you'll have electricity in the future, where you want it and when you want it.

That's why we are constantly looking into the future - figuring your growing power needs - and then digging the holes, setting new poles, stringing bigger wires - to keep the magic of electricity at your fingertips, today and tomorrow.

TAHOE TRUCKEE SCHOOL NEWS

KINGS BEACH SCHOOL
KINDERGARTEN: We have been preparing for our Easter party. We made baskets out of egg cartons. Ricky Decker brought some pussy willows for the class.
FIRST: We made Easter trucks and we are all ready for our Easter party. This week, we finished our Parent Conferences. Most every parent attended.
SECOND AND THIRD: Every parent, except two, has attended parent-teacher conferences this week.
Our Easter party and egg hunt will be held on Friday. Our room mothers will assist Mrs. Wing with the party.
THIRD AND FOURTH: Linda Bonney and Darryl Cernusak won first and second prizes in our conservation contest. Susan Clackett and Cindy Hiatt won in the third grade. We wrote essays and illustrated each.
FIFTH AND SIXTH: The Kings Beach School basketball team played the Tahoe City School team and our school won 15-4. We enjoyed listening to the Tahoe City School choir and we want to thank Mr. Reynolds for furnishing this entertainment.

TAHOE LAKE SCHOOL
KINDERGARTEN: Kindergarten-ers who made it to the star list this week are: Sally Starratt, Earla Meixner, Mimi Kimball, Colleen Howard, Mark Wuthman, Dan Dempsey, Jeannie Albin, Christina Keehn, Debra Stark, Dorothy Pomin, Laura Hoxsie, and Peter Sutton.
FIRST AND SECOND: The following people made 100 per cent in a reading vocabulary test last week: Cheryl Bechdolt, Ann Starratt, Heidi Hendrikson, Shirley Gratner, Leo Quartly, and Joe Avila.
SECOND AND THIRD: During the study of conservation the second and third grades learned about the California trout, their characteristics, habits and the programs that have been developed to protect them.
FOURTH GRADE: Easter vacation means going away for many members of our class. Warren Moyer and Tommy Rukhala are headed towards Los Angeles and "Disneyland." Donald Stowe will spend some time on Angel Island near San Francisco. Jeff Lodi plans to visit with relatives in Woodland, while Christine Litke will journey on to Atascadero. Jerry Jorgensen plans to visit in Oakland, Jean Hallifax will travel to Lodi and San Francisco, and Pat Dempsey will spend his vacation days in San Luis Obispo.
FIFTH AND SIXTH: We have a new girl in the sixth grade. Her name is Linda Lomacs and she is

Airline Official To Be Olympic Aide

TRANSPORTATION HEAD — Martin Blatt, Sports Representative for the United Air Lines district sales office at Oakland, has been appointed Transportation Director for the Organizing Committee of the VIII Olympic Winter Games at Squaw Valley in February, 1960. His appointment becomes effective September 1, 1958.

Appointment of Martin Blatt as transportation director for the VIII Olympic Games at Squaw Valley in 1960 was announced by Prentis C. Hale, president of the games organizing committee.

Blatt is sports representative for United Air Lines' district sales office at Oakland. His appointment

from Lafayette. Welcome, Linda. Danell Pomin is back in school. We are glad to have you with us again, Danell. Those receiving 100 per cent in the review test were Barbara Hampton and Greg Moore in the fifth grade and Kim Turner, Mike Bauleke and Howard Cincotta in the sixth grade. Some of the students in the sixth grade are working on relief maps of California.

SCHOOL DISTRICT MENU
April 7 through April 11, 1958
Monday, April 7 — Lasagna, green salad, buttered spinach, peaches, bread and butter, milk.
Tuesday, April 8 — Hot dog and wedge of cheese, celery stick, green beans, cherry torte, bread and butter, milk.
Wednesday, April 9 — Pizzaburger, carrot sticks, buttered corn, apple sauce, bread and, butter milk.
Thursday, April 10 — Lima beans with butter, cabbage salad, but-tered carrots, corn bread, milk.
Friday, April 11 — Macaroni and cheese, lettuce and tuna salad, Harvard beets, fruit jello, raisin bread with peanut butter, milk.

TO THE VOTERS OF EASTERN PLACER AND NEVADA COUNTIES

On next Tuesday, April 8, you will be given the opportunity to place the Tahoe-Truckee area on the air map of the United States.

On that day, your favorable vote will decide if this area is to take its place among the progressive communities of the West.

Your favorable vote will decide whether we will own and operate an airport in this area or eventually be taxed for the building and operating an airport at the other end of our counties.

Private help has been offered and is available to help build an airport. Federal aid is available to help build an airport. State money from the aviation gas tax fund is available to help maintain and operate an airport. We have everything to gain and now is the time.

AIRPORT ORGANIZING COMMITTEE

SALE OF FISHING LICENSES SET RECORD

The sale of California angling licenses set a new record at 1,430,000 in 1957, with some returns from license agents still coming in. This is almost 50,000 more than the previous record of 1,381,000, set in 1956. The department of fish and game said some 8,500 licenses, in the hands of agents throughout the state, must be accounted for before closing the books on the 1957 season.

The 1957 sales continued California in the No. 1 position in angling license sales among all the states, according to U. S. Fish and Wildlife Service figures.

Minnesota is second with 2,243,000; Wisconsin third with 1,142,000, and Michigan fourth with 1,119,000.

While angling license sales continued to climb in 1957, the sale of hunting licenses has apparently dropped slightly from the previous year.

becomes effective Sept. 1, 1958.

Blatt has specialized in moving large groups by air, including many University of California athletic teams. As transportation director, he will arrange air and surface transportation for the more than 1200 athletes and officials expected to participate in the games.

Blatt will also be responsible for transportation at Squaw Valley during the games, particularly for the Olympic officials and the press. He will also arrange travel schedules in the area for the more than 35,000 spectators who are expected to witness the 11 days of competition.

The transportation headquarters will be at the Organizing Committee offices, 333 Market Street, San Francisco.

The 32-year-old Blatt joined United's ground services department at Salinas in 1946 and became sports representative at Oakland six years later.

Personal Incomes Show Big Gain In California

SACRAMENTO - (CNS)—Despite declines in the latter part of the year, personal income in California rose to \$34,520,000,000 during 1957, up about \$2 billion from the previous year.

The state Department of Finance, in making its preliminary report on personal income for 1957, said the state gain of 6.2 per cent compared with a gain

of only 5 per cent for the nation. The state accounted for about 10.1 per cent of the total national income, with only 8.3 per cent of the total population.

All major wages and salary groups except the military showed gains over the preceding year, with the total wages and salaries category up 7 per cent. Income of professions and unincorporated businesses rose 2.8 per cent to \$3,080,000. Total net income for farmers, \$1,020,000,000 was down 5 per cent from 1956.

NEWS NOTES FROM TAHOE

by MYRTLE CARNELL

COMMUNITY BEACH PROJECT
ATTENTION — All of you that would like to see an improvement in your community, be sure to be at the special meeting at the community center in Tahoe City on Monday, April 14. The meeting is being held to get ideas and start some action on the cleaning up and bettering of the facilities of our Tahoe City community beach.

If your children enjoy swimming and your family enjoys fishing and boating, let's make Tahoe City the place to do it. It will not only benefit us for family pleasure, but will certainly help our tourist business. The constant complaints issued by people stopping in Tahoe City in the summer is where can they find a decent beach and a clean place for children to swim. This is rather a black mark on an otherwise scenic and lovely town, so come to the meeting and help erase it.

Things to be considered will be the roping off of swimming areas and boating areas to make the beach a safer place for the children. Regulations will be posted, the rest rooms cleaned up, and the scouts and cub scouts have made it a joint project to clean up the commons and keep it clean during the summer months.

Chris Burmer, chairman of the group, says with the cooperation of all of the civic organizations, along with the Scouts and Girl Scouts and the townspeople, this could be a very successful project, and be very beneficial to us all.

VISITING FOR EASTER
Jay and Dorothy Stark arrived last Saturday afternoon with their three children, Jerry, Gary and Jimmy, for a visit with their parents, the Roy Starks, and brother, Bob Stark and family. They expect to be in Tahoe City for a week and will be visiting with their many friends as well as family.

WOMEN'S CLUB
A meeting of the Tahoe City Women's Club will be held on Wednesday, April 9, at Smart's at the Wye in Truckee. This will be a noon luncheon and will be \$2.50 per person. The Women's Club of Truckee have been invited, and all guests are welcome. This should be a very enjoyable social afternoon. To make reservations, contact Mrs. Ernie Le Pire at JU 3-4249. If the weather has you down be sure to attend because this promises to be a touch of spring with gay table decorations, flowers and a feeling of spring throughout. On the committee are Mrs. Tom Sheehan, Leonard Bury, Ray Grahm, Mrs. Marshall Rukhala who is chairman.

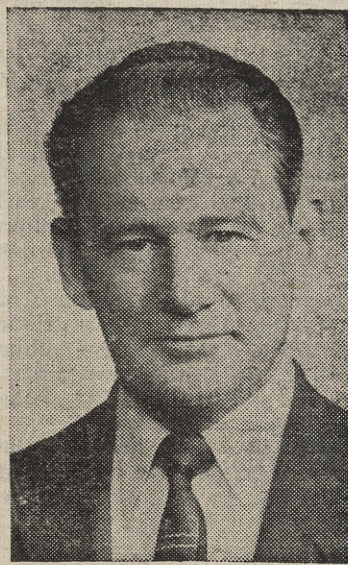

EASTER SERVICES
Next Sunday, April 6, is a doubly important anniversary for the members of St. Nicholas Church, a Protestant Episcopal Mission, serving all Christians. As Easter celebrates the resurrection of our Lord, it also marks the first anniversary of the unofficial starting of the church, for it was last year that the first services were held by Charles Beardsley, Bishop's lay reader for the Sunday School, with 130 people attending.

Since that time, an active congregation has averaged 52 people in attendance, 29 people have been confirmed, and there are six organizations within the congregation.

The building site, on the lake front has been procured. The basement has been dug, plans are completed and the campaign to raise the necessary funds is under way. Gifts of 32 chairs from Dr. Malcolm Jones and a lectern Bible from Earl Simmonds in memory of his sister arrived this week.

In gratitude and rejoicing, the congregation invites all to worship this week with them at the St. Nicholas Hall on the Outdoor Chapel grounds south of the bridge.

Engle Files For U. S. Senate Post

CLAIR ENGLE

RED BLUFF — Congressman Clair Engle, Democratic candidate for United States Senator, today filed his papers for nomination for the senate seat in his home town from which he has launched 11 successful political campaigns in the past 24 years.

Engle has never lost a political race, and the scenes of civic celebration which attended his filing here made it clear that the people of Red Bluff expect him to win this one, too.

The filing of the nomination papers with Tehama County Clerk Mrs. Alice Davis finished a week of intensive campaigning throughout the state. Congressman Engle spoke in Los Angeles, San Fernando, San Francisco and Oakland. He had a Democratic political "summit conference" with Attorney General Pat Brown, Democratic candidate for governor and repeatedly lambasted the Republican administration before responsive audiences.

in Tahoe City.

JUNIOR CHOIR TO SING
The junior choir of the Corpus Christi Catholic Church will sing for the Easter Mass. Those included in this very fine group of young voices are: Julie Ann Bechdolt, Cathy and Anna Marie Connors, Karen and Diane McBride, Joyce Anderson, Sheryl and Jimmie Bechdolt, Jess Lodi, Martie Spitsen, Steffie and Sandra Snyder, Janice Gianinni, and Kathy Barrett. The choir is under the direction of Maizie Carnell and Pat Vanni who are doing a very good job in developing the musical ability of these youngsters. The choir will sing all of the Benediction which includes three or four latin selections and also the Regina Coeli.

This Easter let's all remember we are not celebrating the Easter Bunny or going to church to parade and see new clothes. This is the day of the Resurrection of Jesus Christ. Let's keep Him in our hearts today and all the year through. Happy Easter, all of you, and may God be with you.

TRUCKEE CATH

NORTH TAHOE

By JUDGE HARRY CHARRISON

WEATHER

Saturday, 6 p.m., just the regular or should I say usual weekend, snow—snow—now and more snow. A skier's delight, but for us, I'll say give us some good old sunshine for a change, but I guess we are pretty well off at that.

VISITING

Just had a visit from Jim Simons and his wife and sweet baby daughter, MiMi. They are presently living at Redding, but wouldn't be surprised if they moved back to the lake. Jim was a popular attendant in Loynds Drug Store in Kings Beach two or three years ago. Jim is teaching school in Redding. Sure nice to see them.

WHO SAYS IT'S SPRING

Sunday, 9 a.m., four feet of snow more or less and still coming down pretty heavy. Lot of cabins opened up for Easter week. Pretty to see the lighted homes at night. Seemed to give that extra cheer that we needed during the storm.

DOGS

If you have a female dog keep it on your own property as there is a law against letting them run loose. Many complaints have come in. It is most embarrassing to run into a congregation of these animals on the streets. This is very important as they can be picked up by the poundman, who has been in our area in reply to all the complaints on these animals running in packs and being a general nuisance to the public. The above is a must.

BOY, WHAT A TRIP

Betty and Jerry Rapisarda and three children and Sheriff Scott braved the storm over the summit Saturday night. The children were on their way to their grandparents in Loomis to spend their Easter vacation. Sheriff Scott returning from a lake trip to be with his family in Auburn. The trip was a stormy one and all concerned wish for no repeat performance. Here's hoping it will be the last storm of the season.

NEW OWNERS

George Feil of Tahoe Vista sold his home to Daneri from San Rafael who will be year round residents.

Mrs. Gallerani and daughter, Anne, also one sister and one

THELMA LIDDLE TO HEAD AUXILIARY

KINGS BEACH—Thelma Liddle was elected president of the Ladies' Auxiliary of Post 7077, Veterans of Foreign Wars, at a special meeting held at Crystal Bay Club Wednesday, for the 1958-59 year.

Other officers named were Jean Cinani, senior vice president; Sophia Levra, junior vice president; Ruth Brooks, secretary; Pearl Martin, treasurer; Louise Walter, chaplain; Pearl Moore, conductress; Virginia Kornazewich, trustee.

Members to fill the offices of flag and banner bearer, patriotic instructor and color bearers will be appointed by president-elect Mrs. Liddle at the final meeting of the current year on April.

The newly elected officers of the post and auxiliary will be installed April 13 at an open ceremony to be held at Crystal Bay Club.

Mr. and Mrs. Jack Gregg have moved into their house at Kings Beach, moving from Tahoe City.

brother, are leaving for a trip to Italy to visit relatives that they have not seen for 49 years. They hope to leave some time this month.

JO'S BEAUTY PARLOR

Josephine Bosta is back at Tahoe Ice Company opening her beauty parlor for the season. I'm sure this will be good news to all ladies who have missed her since she has been away.

TAKING TREATMENTS

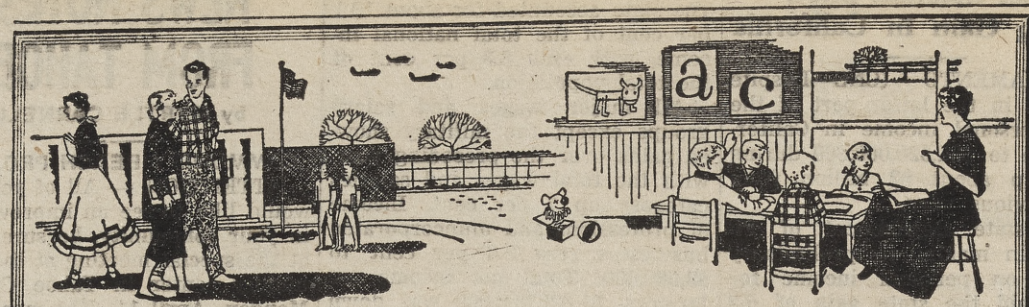

Betty Powell took a trip to Reno with the Webb Crooms last week, where she is taking treatments. Betty is doing nicely and is so thankful to her many friends for flowers and cards.

NEW EL DORADO

Wiley Jones and the Barkhursts had a very enjoyable trip to the new El Dorado in the Sacramento area. They looked over their new conference room which they say is very nice for Rotary conventions and meetings.

SKI LESSONS

Many of our year-round residents have been skiing actively this winter. Taking expert lessons from Bud Jones are: Don and Rena Stumbo, Mac and Vivien McIntyre, Bud and Maxine Polzin, Temp and Ellen Templeton, and John and Jeanne Palmer.

A circular relating to these bonds may be obtained from any of the above underwriters.

Dated April 15, 1958

Due April 15, 1960-78, Incl.

Payment and Registration

Principal and semi-annual interest (April 15 and October 15) payable at the office of the Treasurer of Placer County in Auburn, California. First coupon (annual) payable April 15, 1959. Coupon bonds in denomination of \$1,000 registrable only as to both principal and interest.

Tax Exemption

In the opinion of counsel, interest payable by the District upon its bonds is exempt from all present Federal and State of California personal income taxes under existing statutes, regulations and court decisions.

Legality for Investment

We believe that these bonds are legal investments in California for savings banks, subject to the legal limitations upon the amount of a bank's investment, and are likewise legal investments in California for other funds which may be invested in bonds which are legal investments for savings banks, and are eligible as security for deposits of public moneys in California.

Purpose and Security

These bonds, issued under provisions of Division 3, Chapter 17 of the California Education Code, for various school purposes, in the opinion of counsel constitute valid and legally binding obligations of the Tahoe-Truckee Unified School District. The Boards of Supervisors of Placer County and Nevada County have power and are obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said District, subject to taxation by said District (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

ALTA SUBSTATION FOR CHP APPROVED BY COMMISSIONER

Authorization has been received from Commissioner B. R. Caldwell of the California Highway Patrol to activate the Alta Substation on March 27. Personnel complement of one sergeant and five officers is authorized for the substation and the Alta office will replace the old Baxter resident post.

Officer in charge will be Sergeant George W. Haines. Traffic officers assigned will be Charles D. Wilson and Robert H. Rodgers, who have been assigned to the former resident post. An additional officer will be Charles H. Sovey of Chicago Park, who has been working out of the Auburn office. Two new officers have been assigned to the Auburn area and will report to the Alta substation for duty on March 27. They are Gordon A. Brown of Norwalk and Richard A. Westley of West Los Angeles.

Officer Bruce Morrow, who was assigned to the Baxter resident post when he arrived from Newhall in December, is being moved to Auburn and Officer Gary Bowman who has been at Baxter is

 BUILDS A BETTER COMMUNITY
 CHAMBER OF COMMERCE TRUCKEE

SIGHT-SEEING QUIZ
Can You Name This Spot?
 This is the heart of New York City. This church attracts thousands of visitors. Many prominent persons have been married here.
 Answer: Little Church Around the Corner.

LIAISON OFFICER FOR OBSERVANCE NAMED

Captain Eugene H. Cavalier, Sacramento Signal Depot Intelligence officer, has been named as liaison project officer of six northern California counties for the 1958 Armed Forces Day on May 17. He will represent all armed forces.

The six counties he will cover are El Dorado, Placer, Yolo, Nevada, Colusa and Sierra.

He will contact veterans organizations, local government representatives, chambers of commerce, the newspapers and civic groups to arrange for community recognition of Armed Forces Day.

transferring to Compton area.

The increased personnel at the Alta substation has been necessitated by the constant increase in both traffic and accidents on the beats which will be patrolled from the substation.

The Auburn area includes all of Placer County, the eastern half of Nevada County, and a small portion of south-east Sierra County. In 1957, 24 percent of all accidents in the Auburn area occurred on US 40 between Colfax and Rainbow. It is believed that additional strength will reduce the accident frequency. The new Alta substation will be located in the Miller residence on the Monte Vista-Alta detour which was realigned and resurfaced by the state. The road is to serve as US 40 during the period of time when the new freeway is being constructed from Monte Vista to east of Baxter.

Activation of the Alta substation brings to two the number of substations under the jurisdiction of the Auburn office. The other is at Truckee and has a sergeant, eight officers, a clerk and four radio dispatchers.

HUNTERS SET NEW SAFETY RECORDS

California hunters set a new safety record in 1957, the department of fish and game announced today. A total of 79 victims were reported by the department's wildlife protection branch. This is a drop from 108 in 1956 and 132 in 1955.

Fourteen of the 79 victims were fatalities. This is also a drop from 21 in the previous year and 31 in 1955.

Prime causes of hunting casualties, and all fatalities, occurred at less than 50 yards, in light or open cover, and in clear visibility.

AGREEMENT

NOTICE OF AGREEMENT TO PURCHASE PROPERTY DEEDED TO THE STATE FOR DELINQUENT TAXES

NOTICE IS HEREBY GIVEN in accordance with the provisions of Division 1, Part 6, Chapter 8 of the Revenue and Taxation Code and the written authorization of the State Controller that an agreement, a copy of which is on file in the office of the Board of Supervisors of Nevada County, has been made between the said Board of Supervisors of Nevada County and the State of California, whereby said County will sell to said State of California, under the terms set forth in said agreement all the right, title and interest of the State of California in and to the real property hereinafter described.

That, unless sooner redeemed or an installation plan of redemption is initiated, the undersigned Tax Collector, pursuant to said agreement will not less than 21 days after the first publication of the mailing of this notice as required by law, whichever is later, sell said property to State of California.

The right to redeem the property has already terminated.

The property referred to and contained in said agreement is situated in the County of Nevada, Truckee, State of California and is substantially described as follows:

That part of SW 1/4 Sec. 28, Twp. 18 N. R. 17 E. Mt. D.B. and M. lying NW of Truckee River (except 2 A in SW corner thereof) containing 58 acres. Last assessed to Unknown Owners.

J. WALTER THOMPSON WILL AID OLYMPICS

Appointment of J. Walter Thompson Company, international advertising agency, as advertising consultant to the organizing committee of the VIII Olympic Winter Games was announced by Prentiss C. Hale, organizing committee president.

J. Walter Thompson, through Pacific Area Manager Harry A. Lee, offered its aid to the organizing committee as a public service contribution to the Olympic Winter Games.

The agency will assist the committee on all phases of advertising and promotion of the 1960 Squaw Valley event. This will include consultation on the preparation of posters, pamphlets and brochures, along with the development of a radio and television operation to promote and cover the Games.

-- CLASSIFIED --

HELP WANTED — Waitress for summer season, starting May 1. No housing provided. Conger's, Tahoe City.

Fishing Season At Donner Snowed Out

The fishing season opened at Donner Lake Saturday but that's about all that can be reported.

A few brave souls braved the brisk wind and scattered snow flurries to try their luck, but few were rewarded and didn't stay long enough to give the lake a good test.

Bob Moore, of Osburn's Parts House, landed 12 nice rainbows ranging from eight to 12 inches long by fishing with a spinner outfit from shore. The high waves and wind prevented boats from going out.

Charles Osburn, vice president of the Truckee Outdoor Sportsmen, said the prizes for the largest fish is still available but that the time limit has been extended to April 30, to allow the weather time to settle down and give the fishermen a fair chance.

Marriage License — Mrs. Dixie Garcia, 24 years old, of Truckee, and Hady Levie, 38 years of age, of Reno, Nevada, were issued a marriage license at Reno, Nevada.

FEDERAL OLYMPIC AID Continued from Page 1

providing the money. Representative Gross, Republican of Iowa, said it would be "picking the pockets of the taxpayers."

EXPENSE HIT

Representative Taber, Republican of New York, ranking Republican on the house appropriations committee, hit at the "elaborate scale" on which he said the Squaw Valley site is being prepared for the games.

He said the games could be held in established winter resorts, such as Sun Valley, Idaho, and Lake Placid, N. Y., without the necessity for the government putting up any money.

But Representative Martin, Republican of Massachusetts, house Republican floor leader, said it was not unusual for the federal government to provide funds for participation in international exhibitions of various kinds.

Representative Miller, Democrat of California, said the State of California has appropriated \$8,000,000 for facilities needed for the games, and would repay the federal investment by leasing the national forest areas after the games for use as a state park.

The bill would authorize \$3,500,000 for construction of an ice arena at Squaw Valley and \$500,000 for expense of military units authorized to provide avalanche control, communications and other services during the games.

OLD YELLER TO BE ON THEATER BILL

Walt Disney's widely heralded "Old Yeller" will be presented at the Donner Theater here Sunday and Monday. This new high in motion picture entertainment, stars Dorothy Maguire and Fess Parker in a heart-warming story of a stray yellow dog which attached himself to a mountain family and how he became closely attached through his courage and loyalty.

This is top family entertainment and should be seen by all dog lovers. The story is based on a novel by Fred Gipson.

Leading off this week's bill to night is "Zombies of Mora Tau," a tide of terror with supernatural underwater thrills. Murder on the floor of the ocean as zombies strike those who dare to dive for the sacred treasure off the voodoo coast of Africa. Gregg Palmer, Allison Hayes and Autumn Russell star in this horror picture.

Friday and Saturday, Manager Jack Neugebauer has billed "Quantz," a cinemascope production starring Fred MacMurray and Dorothy Malone in a lonely story of a desperate woman and four violent men ready to kill to claim her. A thrilling, down to earth western with thrills and fast action.

Tuesday and Wednesday will see "Istanbul" with Errol Flynn and Cornelia Borchers in a story of the East. An action story of love and intrigue in which Nat King Cole sings.

Travel to Valley — Mr. and Mrs. Leslie Grow and Mr. and Mrs. Wayne Ramey combined business and pleasure in a weekend trip to Sacramento and Woodland, returning during the heavy snow.

Hellers in San Rafael — Mr. and Mrs. Charles Heller went to San Rafael on a weekend business trip.

See Relatives — The Daven Morey family visited relatives at Sacramento, their daughter Ann remaining for several days.

Tonsilectomies — Mrs. Lorrin Ferdinand and John Sturcke were two recent patients at Tahoe Forest Hospital who underwent tonsil operations.

Small Revenue Is Received In Sale Of Houses In Area

Comparatively little revenue was received by the state for the sale of 32 pieces of property sold at auction here last week to clear rights of way for the new freeway.

One purchaser, William Marckel of Truckee, bid for 17 of the 32 places for sale.

W. T. Fowler, traffic engineer for the division, explained that the sales are not complete until the buyers have removed the structures from the right of way on or before June 30. No extension of time, he said, will be allowed.

Results of the auction were as follows:

Item 1—Burl W. Reynolds, house, Paul Wierdsma, Sacramento, \$10.

Item 2—Estate of Mary E. Nye, garage, William Marckel, Truckee, \$100.

Item 3—Oscar E. Beach, house, A. W. Clayton, Reno, \$320.

Item 4—Oscar Beach, propane tank, L. E. Calkins, Sacramento, \$112.50.

Item 5—William E. Marckel, cabin and garage, William Marckel, \$10.

Item 6—Nelson F. Stone, 2-story house, garage, William Marckel, \$250.

Item 7—James E. Kaler, house, William Marckel, \$27.

Item 8—Chester Marquis, house, Hubert Hart, North Sacramento, \$12.50.

Item 9—Tahoe Truckee Unified School District, school building, R. C. Burrows, Reno, \$815.

Item 10—Charles V. Osburn house, William Marckel, \$200.

Item 11—Harry P. Digesti, house, Emma Elliott, \$360.

Item 12—John W. Phipps, house, William Marckel, \$32.

Item 13—Norma H. Highfill, house, Robert Davenport, North Sacramento, \$52.50.

AIRPORT MEET Continued from Page 1

that the election is not intended to provide financial support for the building of a port, but simply to set up a political entity which would prevent the local areas of North Tahoe and Truckee being absorbed by a remote airport district in the western ends of the county.

He said a number of airplane companies had made overtures toward constructing facilities for the right of operation and that it was highly possible, the port could be built and maintained without cost to local taxpayers.

"We cannot deny the right of the directors to impose a tax," Edmunds said, "but the law limits this to 20 cents on the dollar and even that may not be necessary."

Five Directors

At the election next Tuesday, voters will not only decide whether the district shall be formed, but will ballot on a board of directors.

Edmunds stressed the fact that the planning committee had decided and would urge voters to select two of the five members from the three Truckee candidates, Lee Apple, Zeph Rose and Rex Reid, and vote for the three, Fred M. Schultz, Walter Speeter and Don A. Stumbo of North Tahoe.

Since the Tahoe area has the largest assessed valuation, he explained, it is only fair that they have the majority of members on the board.

Plans are currently going forward, Edmunds said, in both eastern Placer and eastern Nevada counties, to form county-wide airport districts and the formation of the local district would automatically exclude this region from being involved in a taxing program from which no local benefits could be derived.

CABIN IN YARD AT STATION TO BE SOLD

Sealed bids were asked for today by the division of highways for a cabin located in the yard area of the Truckee maintenance station. The cabin must be removed from the premises within 30 days to permit work on the expansion of the station to proceed.

Prospective bidders are asked to submit their written bids to the district engineer, Division of Highways, District III, 703 B Street, Marysville, Calif., before 10 a.m., April 7.

A minimum bid price of \$25 has been placed on the building. The district engineer stated a certified or cashier's checks in the amount of the bid must accompany each bid. The check must be made payable to the "Division of Highways." Checks of unsuccessful bidders will be promptly returned.

station, William Marckel, \$45.

Item 30—Chase Harper, house, etc., Chris M. Hansen, Grass Valley, \$410.

Item 31—Chase Harper, house, Harold T. Pierce, Pleasant Hill, \$145.

Item 32—Arthur E. Schwatka, house, Bernard Barrett, Tahoe City, \$55.

Returns from East — Gary Francis Snyder, who has been attending Woodstock School in New Delhi, India, is at home with his parents, Sgt. and Mrs. Frank Snyder, and is enrolling in Tahoe-Truckee High School.

In New York — Lt. and Mrs. Richard Arington have arrived at Grand Island, New York, from his previous base in Texas. Mrs. Arington is the former Sandra Trainor of Truckee.

Business Visitors — Dr. John Fabian and sons, John and Michael, of Chico, were business visitors last week at Lake Tahoe and Truckee. The young men, students at college, were home at the end of the semester.

CARD OF THANKS — I take this means of expressing my sincere thanks for the kind treatment and courtesies extended me by the doctors, nurses and staff members of the Tahoe Forest Hospital during my recent illness. Mrs. Charles R. Heller.

CARD OF THANKS — The Tahoe-Truckee High School student body would like to thank the merchants of the area who so generously donated to the recent carnival. We appreciate your interest and help in making it a tremendous success. Carnival Committee.

Tarzan

by EDGAR RICE BURROUGHS

TARZAN ROARED TRIUMPHANTLY AS HE SMASHED THROUGH A DOOR IN PURSUIT OF THE WILY FRENCHMAN.

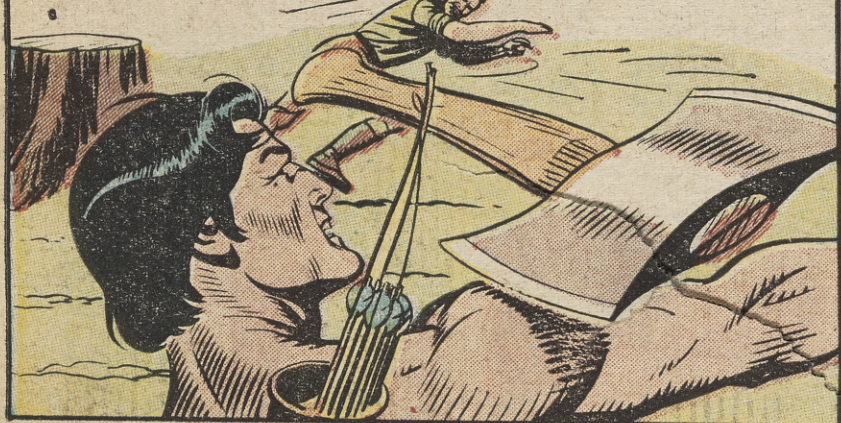

FEAR-CRAZED AND DESPERATE, PIERRE BLINDLY LEAPED THROUGH A WINDOW.

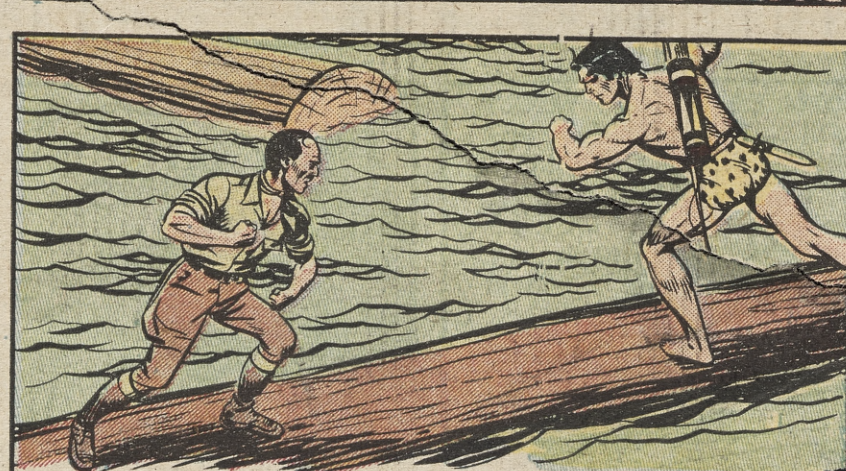

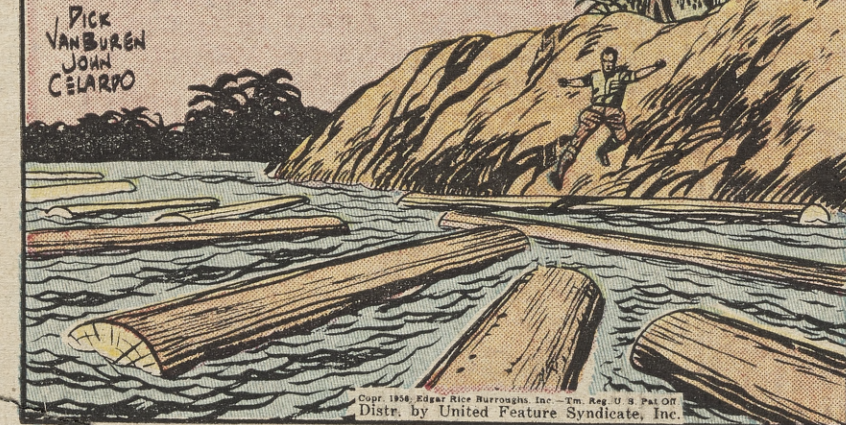

TARZAN SWIFTLY FOLLOWED, BUT IN THE ENSUING SECONDS THE FRENCHMAN PICKED UP A DEADLY AX--

AND HURLED IT WITH A VEHEMENCE! THE APE-MAN, HOWEVER, TWISTED ASIDE AND DODGED THE SHINY BLADE.

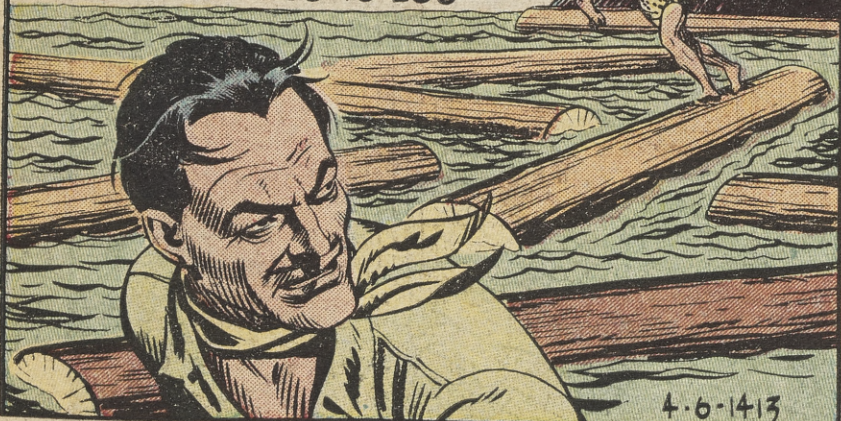

HYSTERICAL NOW, PIERRE TURNED AND JUMPED TO SOME FLOATING LOGS, STORED IN A NEARBY LAKE.

AND SOON THE TWO MEN WERE TRAPPED ON SAME TIMBER-- THIS WAS THE

WITH EQUAL SURE-FOOTEDNESS, TARZAN FOLLOWED HIS ENEMY, LEAPING FROM LOG TO LOG--
